Luminis Health Doctors Community Medical Center
Certificate of Need Application To Establish a 16-Bed Adult Psychiatric Unit
(Matter #21-16-2448)

Applicant's Responses to May 26, 2021 Completeness Questions

AP3A

1. While the applicant has affirmed that the facility will provide chemotherapy, individual therapy, group therapy, family therapy, and adjunct therapies, social services was not included in the response. Please affirm that the facility will provide social services to patients.

Response: The Applicant will coordinate and provide Social Services to all patients in accordance with their individual social service and care coordination needs while in the care of the hospital and will also work closely with the appropriate community-based providers during the discharge planning process, to ensure social service needs are understood and coordinated upon discharge. It is anticipated that the LHDCMC Behavioral Health Program will be accredited by The Joint Commission on Accreditation of Healthcare Organizations which also requires the provision of social services as a standard for accreditation.

Table L

2. Table L, Line 48 should include an explanation of the method of how employee benefits are calculated. Please include a description of the benefits calculation including the percentage of employee costs that are attributed to benefits.

Response: Benefits costs for LHDCMC are approximately 17% of salary, therefore salaries were multiplied by a factor of 1.17 to determine salary plus benefits.
